120Hz LCD support for Tornado F5 series

Gamers and Workstation users can benefit from the high-resolution and high-refresh rate of the 120Hz LCD.

It's easy to upgrade! [Watch video](#)

Spring time means tune-up time

Laptops are like cars – they need regular care and maintenance to stand the test of time and should be cleaned out every six months to ensure optimal performance (dirt and dust can build up inside).

Announcing Overclocking University!

Want an unlocked BIOS but need to brush up on your know-how? Overclocking, like driving, requires certain abilities. Eurocom is helping develop an overclocking university to help you gain those skills!

For details, contact: sales@eurocom.com

Getting Windows!?! WARNING!

Microsoft has recently made a change to its Product Key for all versions of Windows.

Please be careful.

The sticker affixed to the bottom of your laptop is easily scratched and damaged (like a lottery scratch card). Eurocom cannot scratch the patch for you (Microsoft EULA) and we do not keep a copy of your Product key.

Student Program

Double your student discount
